

NEVADA DIVISION OF ENVIRONMENTAL PROTECTION

F A C T S H E E T

(Pursuant to NAC 444.641.3(b) of the Solid Waste Disposal regulations of the Nevada Administrative Code.)

Permittee Name: Full Circle Compost, Inc.

Permit Number: SW0400401

Description of Proposed Facility:

The applicant has proposed construction and operation of a Compost Plant composed of composting windrows, contiguous land, structures, and other appurtenances and improvements for the composting of raw materials. The proposal to construct and operate at this site has been formally requested of the Nevada Division of Environmental Protection by Full Circle Compost's submittal of a permit application for a Compost site. The land on which the site is located is owned by the Applicant and the Applicant will operate the site.

Location:

Section 8, T. 13 N., R. 20 E., MDB&M at 2298 Heybourne Road in Douglas County, Nevada.

Description and Design of the Site:

The 138 acre parcel occupied by the site is zoned Industrial. The Compost Plant will be operated as windrow operation. The unit will consist of multiple windrows, approximately 1,200 feet long by six feet high.

The Compost Plant will accept ground wood waste, manure, green material, mineral rock powders, recycled sod, topsoil and silt tailings (site specific).

The Compost Plant will not be accepting municipal solid waste and is therefore not subject to the setback restrictions in NAC 444.670 2(a).

Proposed Action

The Nevada Division of Environmental Protection intends to issue a Compost plant Permit to Full Circle Compost to construct and operate the facility described in this Fact Sheet.

Availability of Documents

A copy of the permit application and the proposed permit will be available for public review at:

Nevada Division of Environmental Protection
Bureau of Waste Management
Solid Waste Branch
333 West Nye Lane
Carson City, Nevada 89706-0851

Information on receiving copies of Fact Sheet, proposed permit, and permit application may be obtained by writing to the Division of Environmental Protection at the above address or by calling Dennis LaPrairie, P.E. at (775) 687-9472.

Procedure for Public Review and Comment

The Nevada Division of Environmental Protection's Notice of Intent to issue a permit authorizing the operation of this facility, subject to the conditions contained in the permit, will be published on Wednesday, February 11, 2004 in The Record Courier. Additionally, the Notice is being mailed to interested persons on our mailing list.

The Division will accept written comments and written requests for a public hearing on the proposed issuance of the permit from the applicant and any other interested persons. Written requests for a public hearing must state the nature of the issues, which the requester intends to raise at the hearing. Written requests for a public hearing and written comments on the proposed issuance of the permit will be accepted until Friday, March 12, 2004. The Division may extend the period for public review, as it deems necessary.
